

GlenFarrow

IRRIGATION

Irrigation

Getting the design of an irrigation system right from the outset makes a huge difference to your water usage and the effectiveness of the system. GlenFarrow has been designing irrigation systems for over 35 years and that experience means we can develop a solution that will meet your requirements, no matter how challenging they might be! We make best use of new technology wherever appropriate and are authorised distributors for most major irrigation equipment suppliers.

Scope of Supply:

- Water tanks and storage
- Pumps supplied and installed
- Filtration systems
- Irrigation sprinklers and control equipment
- Rainwater harvesting
- Borehole services
- Trenching and mole ploughing services
- On site – maintenance and repairs

Areas of Expertise

- Agricultural and horticultural systems
- Garden centres and nurseries
- Landscaping – domestic and commercial
- Dust suppression systems
- Sports grounds

About GlenFarrow

With over forty years' experience, GlenFarrow has developed a reputation for prompt, reliable service. Our expertise covers five core areas:

- Biomass Boilers
- Commercial Plumbing and Heating
- Electrical
- Irrigation
- Waste Water Treatment

Our skilled staff can undertake major installations, refits or small upgrades, as well as contract servicing and emergency breakdown call out. We also offer full trade counter support across all core areas.
