

## POWERFUL SMART CHARGING APP

HomeSmart EV's smart charging app automatically captures off-peak rates by smart charging your car and automatically integrating any home energy tariff. It's the easy way to save money and reduce your carbon emissions when charging your EV.

Easy to use and easy to set up, our app gives you full control over your EV charging. To get started, all you need is to download the app, add your car and set when you want to be charged. That's it!

You're in control – simply plug in your EV at home, set the time you want the car to be charged and ready for, or press boost to charge immediately.

We'll Smart Charge your EV so it's ready to go when you need it – using the greenest, cheapest energy, giving you access to competitive energy tariffs and renewable energy.

Use the app to track your EV's carbon impact and energy consumption at home and on the go.
