

GlenFarrow

ELECTRICAL SERVICES

Design, supply, testing, installation and maintenance of power, lighting, cctv and electrical systems

Electrical Services

GlenFarrow provides a fully integrated Mechanical and Electrical service that offers flexibility, responsiveness and reliability. Choose individual parts of the service for one-off projects or ask our team to design, install and maintain networks over a longer period of time. To ensure we can always meet our customers' requirements our team employs the latest technology and techniques and is fully NICEIC registered.

About GlenFarrow

With over forty years' experience, GlenFarrow has developed a reputation for prompt, reliable service. Our expertise covers five core areas:

- Biomass Boilers
- Commercial Plumbing and Heating
- Electrical
- Irrigation
- Waste Water Treatment

Our skilled staff can undertake major installations, refits or small upgrades, as well as contract servicing and emergency breakdown call out. We also offer full trade counter support across all core areas.
